

# Temperature Summit

March 2, 2006

- Welcome!
- Introductions:
  - Boise
  - Moscow
  - Pocatello

## Logistics

- Bridge connects Boise, Moscow and Pocatello -- each site has audiovisual equipment and camera operator (we are being recorded)
- Audio/visual guidance:
  - Raise hands and state name when called on for questions
  - Speak up if soft spoken or if distant from mics
  - Index cards are available

## Temperature Summit

### Today's Objective

*Explore the state of knowledge/experiences and determine the information and resources needed to develop a path forward for temperature in Idaho*

## Options Discussion

### Potential Options

- ✓ Keep Idaho's Current Criteria/Uses
- ✓ Adopt & Implement EPA Region 10 Guidance
- ✓ Develop Site-Specific Criteria
- ✓ Other – Potential Natural Vegetation (PNV)

## Ground Rules

- Constructive dialogue
- Active participation
- Begin and end on time
- No dominating the discussion
- Respect opinions
- Leave rank at the door
- No side conversations/cell phones
- Focus on open exchange of ideas
